

# NZ Masters Games

## Volleyball

We have had an increase in team entries this year and the draw the schedule is very tight. Referees will be provided for most games but teams are expected to provide at least 4 players to assist with duties (2 linesmen, 1 second ref and 1 scorer). The net height for all grades (except Mens Competitive and Social Competitive) will be senior women's height.

Games are scheduled for 55 minutes - all games should begin at the stated draw time. Games may begin earlier with the consent of both teams. All teams should be aware of how courts are progressing and be ready to start early if time allows.

Games are best of 3 sets - 3rd set to 15. Time however determines the result.

Teams will be advised with 5 mins to go.

Set score and final game score should be reported to court controller.

Where necessary winners of pools etc will be decided on:  
games won, sets for and against and finally points for/against.

For those not familiar with Unipol gym there is a cafe which is licensed (no alcohol in any other area of the gym). Metred parking is available in the immediate vicinity of the gym.

Three courts are available at Unipol and one other venue (OGHS) is being used.

All grades except men's competitive will be held at Unipol Gym.
