CHARITY PARTNER

The Downer New Zealand Masters Games is helping sport-loving Kiwis stay safe in the sun this summer alongside our official charity partner, Melanoma New Zealand.

New Zealand has the worst rate of melanoma in the world. Yet most skin cancers are preventable, and if recognised and treated early enough, melanoma is almost always curable.

Each year, more than 6000 people are diagnosed with melanoma in New Zealand, and around 300 people will die from it. Melanoma New Zealand is the only charity in New Zealand solely dedicated to preventing avoidable deaths and suffering caused by melanoma.

Melanoma New Zealand's Spot Check Van will be offering free skin cancer spot checks and advice during the Games - download the NZMG App for updates on where and when to get your free spot check.

Every contribution is much appreciated. Keep an eye out for the team during the Games or you can make a donation to Melanoma New Zealand online when you register for the Games at nzmg.com.
